EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance: U.S. Patent 6,619,867 to Asahi and U.S. Patent 6,396,987 to DeMontmorillon (both previously cited) represent the closest prior art known. As pointed out by applicant, however, Asahi is not available as a reference against the claims of the present application because of its filing date of May 30, 2000. The Examiner apologizes for mistakenly relying upon Asahi in the previous Office action. The previously applied rejection of claim 36 is withdrawn. Claims 1-30 and 37 remain allowable over all prior art of record for the reasons previously indicated. Claim 36 is now allowable over all prior art of record because the prior art fails to disclose or reasonably suggest an optical dispersion compensation device comprising a unit which applies chromatic dispersion which varies with wavelength across a signal band, the variable chromatic dispersion being applied by selecting a particular dispersion path from an array of dispersion paths, each path offering a different dispersion slope.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. U.S. Patent 5,877,881 to Miyauchi et al discloses a dispersion compensator device which operates by selecting a particular dispersion path from an array of dispersion paths, each path offering a different dispersion value (see, for

example, claims 5, 36, and 56 of Miyauchi et al). Miyauchi et al, however, makes no mention of the dispersion slopes of these various dispersion paths.

Any inquiry concerning the merits of this communication should be directed to Examiner John D. Lee at telephone number (571) 272-2351. The Examiner's normal work schedule is Tuesday through Friday, 6:30 AM to 5:00 PM. Any inquiry of a general or clerical nature (i.e. a request for a missing form or paper, etc.) should be directed to the Technology Center 2800 receptionist at telephone number (571) 272-1562, to the technical support staff supervisor (Team 2) at telephone number (571) 272-1564, or to the Technology Center 2800 Customer Service Office at telephone number (571) 272-1626.
